

Gilbert Police Department

The Gilbert Police Department is implementing DDACTS (Data-Driven Approaches to Crime and Traffic Safety). DDACTS is an operational model that uses the integration of location-based crime and traffic data to establish effective and efficient methods for deploying law enforcement and other resources. The goal is to reduce the incidence of crime, crashes and traffic violations in the community. To accomplish this goal, we are conducting highly visible traffic enforcement in this area. We need your assistance to make this program a success. We respectfully request you contact us with information about any criminal activity, suspicious activity, traffic concerns or anything else you believe will help in your neighborhood. You can call us directly, submit a tip online or send us a text message. Thank you for your time and assistance.

**To report an in-progress event or file a police report
Please call:**

Emergencies: 911

**Non-emergency:
(480) 503-6500**

For additional information reference DDACTS or to submit a tip online please visit our website:
