

DDACTS 2.0 Webinar Series

Throughout 2021 IADLEST is hosting a series of NO-COST 1-hour webinars on using data to manage and deploy resources to decrease crashes, crime, and other social harms.

Guiding Principle #4

Engaging with Partners & Stakeholders

June 17th @ 2pm EDT

Working with your community is a foundational element of the DDACTS model. Explore how to determine which entities to reach out to and methods to engage and encourage participation.

This is the fifth webinar in an 8-part series on DDACTS 2.0. Recordings of previous webinars in the series are available.

Training Objectives

1. Compare/contrast the differences between partner and stakeholder in the DDACTS model and implementation.
2. Discover the methods your agency leadership can use to identify community members' various public safety needs.
3. Develop various strategies agency staff can use to support more effective police and community engagement.
4. List examples of partners and stakeholders and the importance each represents.
5. Determine the best strategies to use when involving your partners & stakeholders in identifying agency-specific desired outcomes.
