

# DDACTS 2.0 Webinar Series

Throughout 2021 IADLEST is hosting a series of NO-COST 1-hour webinars on using data to manage and deploy resources to decrease crashes, crime, and other social harms.

## Guiding Principle #7

### Monitoring, Evaluation, and Adjustments and Outcomes

*September 15th, 2021*

**How do you know if your DDACTS operational strategy is working? Is your agency experiencing *true* crash and crime reductions? How do you know? What data are you using for comparison purposes? Is your program doing more harm than good?**

**This is the final webinar in an 8-part series on DDACTS 2.0. Recordings of all previous webinars in the series are available.**

## Training Objectives

1. Determine the most effective methods to monitor operations through data collection.
2. Based on the analysis of operational data, evaluate the impact of operations on reducing crashes, crimes.
3. Explore agency analysis to determine progress in the DDACTS areas and guide subsequent deployment options.
4. From the examples provided, determine how to assess your current DDACTS operations to ensure your strategies do not cause any unintended harm.
5. Analyze any needed adjustments to achieve your agency plan to reduce your crash and crime outcomes.

## Presenters

**Peggy Schaefer (Host)** -- IADLEST Project Manager, NHTSA DDACTS. Peggy served as Director of the North Carolina Justice Academy, serving over 85,000 officers.

**Daniel Howard (Host)** -- IADLEST Project Manager, TxDOT DDACTS. Daniel is a retired police commander with more than 35 years in public safety and a DDACTS SME since 2011.

**Debra Piehl (Guest Speaker)** -- IADLEST Senior Analytical Specialist, DDACTS. Debra has been a crime analyst for many years at the local, state, and federal levels.

**Craig Spingarn (Guest Speaker)** -- Denver Police Dept., CO. Craig has over 25 years of experience in law enforcement and is currently assigned to Major Crimes – Homicide.
