About the VirTra V-100®: The VirTra V-100® Portable is a single screen simulator from VirTra designed for a smaller space while still providing a full range of training materials. The portable V-100 packs in two lightweight cases, making it ideal for travelling or any other situation where the system will need to be frequently moved.

About VirTra: VirTra provides law enforcement agencies with immersive training simulators and associated hardware such as drop-in recoil kits and less-lethal tools to deliver a lifelike experience that is transferable to the field. VirTra's goal is to ensure the officers that serve and protect our communities go home safely each night. By training in a realistic environment that evokes an adrenaline response and prepares them for split-second decisions, law enforcement officers can feel more confident in their skills.

About IADLEST: IADLEST's mission is to support the innovative development of professional standards in public safety through research, development, collaboration and sharing of information, to assist states and international partners with establishing effective and defensible standards for the employment and training of public safety personnel.

Delivery of the simulator and training will occur on Dec. 12-13, 2023.

The simulator, 6 hours of training, and first year of service & warranty are included. After the first year, the maintenance fee is \$3,400 annually each additional year.
