

The ADDIE Course

Evaluation Model, Part One (Analysis)

Eighteenth in a Series of Webinars for Advanced Instructor Development

Brief description of webinar:

Have you ever been asked to develop a training course and weren't sure where to begin?

Don't worry, you are not alone! This month's webinar will be the first of a five-part series where we will explore each part of the ADDIE course development model (Analysis/Design/ Development/Implementation/Evaluation) common in the instructional design arena. Together in a live "working" interactive workshop, we will work through each of the 5-step process, starting with our first step - "Analysis". In the Analysis phase, we will take a look at methods to determine the best course of action for training and focusing in on the characteristics of our learners. Join us for a fun, interactive webinar that will give you a great overview of the process in an easy-to-understand format! This is the first of a 5-part series from March – July, 2022.

JIM GORDON

Jim Gordon is a retired captain from Stanislaus County Sheriff's Office in Central California, with 25 years of service. Jim served as a field training officer and as the FTO program administrator.
